

# THE GLOBAL CLIMATE CONVERSATION BEGINS NOVEMBER 20

**The world is asking about the climate crisis.**  
*What's really happening? Can we actually solve it?  
What can we do?*

We think it's time for answers.

On November 20–21, former Vice President Al Gore and The Climate Reality Project present *24 Hours of Reality: Truth in Action*, a global conversation on the climate crisis and how we solve it.

For one full day, Climate Reality Leader volunteers trained by Vice President Gore will hold public presentations and conversations on our changing climate in schools, community centers, workplaces, and more in all 50 US states and countries worldwide.

It's a chance for friends, neighbors, and colleagues to hear the truth of what's happening to our planet. A chance to discover the solutions in our hands today. A chance to learn how we can use our vote, our voices, and our everyday choices to make a difference and force our leaders to act. *Now, while there's still time.*
